

NETWORK UPDATE & WEBSITE

We are happy to say that we are now over 240 academics from over 22 countries! That is a wonderful starting point which shows us all the crowdsourcing potential of sharing information. We made a website for the European Law and Technology Network, to keep track of its purpose and to map its events: <http://europeanlawtech.eu>. The website offers an overview of resources where you can find links to a preliminary selection of national and international law & technology journals; room for sharing new scholarship, job positions and fellowships. We also have an advisory board composed by distinguished scholars who will support us with the academic future of the network.

UPCOMING EVENTS

University of Amsterdam, RESHAPING WORK Conference on 19-20 October (Amsterdam)

This conference explores the challenges and opportunities of platform labor and the impact of technology on labor law.

University of Groningen (Workshop Series 2017-2018 International Law for Sustainable Development Goals): Financing & the Right to Science in Technology Transfer in the SDGs

Call for papers closing on 15 September.

Younger Scholars Forum in Comparative Law (XXth International Congress 2018 International Academy of Comparative Law, Workshop 5: Technology and Innovation: Challenges for Traditional Legal Boundaries)

Call for papers closing on September 15.

More details on all events here: <http://europeanlawtech.eu/home/what-we-do/events/>.

SCHOLARSHIP

If you publish new papers on law & technology that you would like to share with the network, please let us know.

FUNDING & JOBS

PhD Position RUG: This research project will focus on 'Security and Safety in the Digital Society: Eco-systems enhancing privacy options' (see <http://europeanlawtech.eu/home/what-we-do/scholarships/>).
