

EVENTS

Legal Challenges in Cybersecurity: Freedom To vs Freedom From? (Norwegian Research Center for Computers and Law)

The symposium explores some of the current challenges and developments in cybersecurity from a predominantly legal perspective. Its title, borrowed from Atwood's *The Handmaid's Tale*, encapsulates the fundamental tension that arises from attempts to secure cyberspace. Overview available here:

<http://www.jus.uio.no/ifp/english/research/projects/nrcl/signal/index.html>.

7th International Conference, Law in Digital Era (International Laboratory for Information Technology and Intellectual Property Law)

The aim of the conference is to elaborate proposals for further development of legislation in the digital economy. The programme comprises a plenary session and sectional sessions at which presentations by leading Russian experts, researchers and practicing lawyers, as well as foreign specialists are planned. Overview available here:
